

## John DeLong Retires from XMCO

John DeLong retires from XMCO 1,430 weeks after joining XMCO as a new employee in 1982. His first assignment was in the Provisioning Department, filing drawings and then filling out data sheets documenting the CUCV program. After a few months, he was conducting provisioning conferences and developing the Spare Parts and Special Tools List (RPSTL) book for the CUCV.

John was also involved in the development of XMCO's computer system and acted as the IT support person for many years.
